I am flying to the moon hacked

0 Again, you're the pilot of a space shuttle trying to reach the moon. First part of the game is identical to the Avoid colliding with blimps, balloons and UFOs - they hurt! How fast can you get to the moon? Controls arrow up- use boosters arrow down - engine from left / right arrow - turn left / right - See more: Sharing buttons Player comments Get interesting information, facts and photos about aircraft and aviation or take a quiz and find out how much you really know about planes. Best Hacked Tower Defence Games and available Online. Play Minecraft for free! Build everything you imagine and fight enemies. Find and play your favorite shooters Hacked. Best Hacked Action Games with lots of shooting and weapons. Turn on your bike and prepare for the Best Riding Games. War Strategy Games, Tower Defense, Action, Shooting etc. Random Game Click here to be taken to a random hacked game: Buy everything for free! PC Players Console Players Mobile Players I don't have access to my EA account Next steps If you think your account has been hacked, but you still have access to it, try to secure your account with these steps. Clear your browser cache. Removes stored web data that may contain old passwords. Set your EA account password again. Choose a strong, unique password that uses a combination of letters, numbers, and special characters. Set the password again for the email address you use in your EA account. Enable login verification as an additional security step. This gives you a code to confirm your identity when a new device tries to sign in to your EA account. Once you've completed these steps, your account must be safe. Keep an eye on your account for suspicious activity and contact us if something doesn't look right. Contact SWTOR support to secure your account. For most EA games you play on the console, you'll need to sign in to your EA account at least once. Make sure you re-secure your EA account by following the steps above. You also want to protect your console accounts again. Reset your PlayStation™ Network Online ID, Xbox Live Gamertag, or Nintendo account password. TIP: We recommend that you have different passwords and security questions for each of your accounts. Check out our other steps to re-secure your mobile games. When you link your mobile account to your Facebook, Google Play, or Game Center accounts, your login credentials (username and password) of those connected accounts will never be accessed on our servers. Your login credentials are not visible to anyone,

including everyone here at EA. Don't forget to never get your Facebook, Google Play or Game password to someone. We will never ask for your password. Learn more about phishing and how to prevent it. See what to do if you don't sign in to your EA account. If the steps in that article don't work, contact us by clicking on us at the top of an EA Help Make sure you have the following information at hand when you contact us: The email address on your EA account. All usernames or console IDs (for example, Xbox Live Gamertags or PlayStation™ Network Online IDs) that are connected to your EA account. All billing numbers of games you purchased in our store or product codes for your games. Read our tips to make your account more secure to prevent someone from accessing your account again.
